After All This Time

G em C
How was I to know what kind of love I'd find
D G D
Fate could be cruel; love could be blind
em C
I took the strangest turns but destiny was kind
D G
I wouldn't change a thing after all this time

em C G
No right or wrong, no cut and dry
bm C D
No weak or strong, no do or die
em C G
No night or day, no yours or mine
bm am7 G
Only you and I after all this time

G em C
I have gone along a little at a time
D G D
Days turned to years, years turned to life
em C
I have tried to trade the reasons for the rhyme
D G
And I have learned to love after all this time

CHORUS

G em C
How was I to know what kind of love I'd find
D G D
Till I touched your soul and you touched mine
em C
Now when I see my heart reflected in your eyes
D G
I wouldn't change a thing after all this time

CHORUS

©1995 Cindy Lowe / Recorded on *After All This Time*

Note: I play this in G#. If you want to do that, capo the first fret and play the above chords. I use a D/f#m chord instead of a D chord but D will work
