

On Lovers' Lane

D G D G D
When I think of you now, darling, I remember you once upon a time
G em A
When everything sparkled, and you stole this heart of mine
D G D G D
When I could see you so clearly; I knew there was nothing more to see
G em G A
And I could feel you so near me; you were holding tight to me

em A em A
Smoke and dust and shadows, ice and rust and rain
em A em Asus A7
Mirrors and mirages vanish in the flames
D
On lovers' lane

D G D G D
As I travel this world of mirrors it's hard to see anything at all
G em A
I want to see your reflection in every mirror on every wall
D G D G D
Wherever I wish I was -- whatever I know I am not
G em G A
My sword and my shield and sorrow; I'm giving you all I've got

CHORUS

D G D G D
So I swim in a deep blue ocean, I am seasoned by salt and brine
G em A
While I wait for a wave to wash me, toss me, turn me one more time
D G D G D
You are my only refuge, my port in a constant storm
G em G A
You are my hope and comfort -- keep me safe, keep me warm

CHORUS (2x) + TAG

Note: I do this song with both E strings tuned down to D but you play it with only the 6th string tuned to D or in a standard tuning.
