The Keeper

C 9 G C9 G
It might have been a vision; it might have been a dream
C9 G C9 G
My mind was clear as crystal; my heart had been cried clean
C9 G C9 G
Up against the wall of all my destiny
C9 G Dsus D
You appeared unbidden and you told me, I'm the

C9 G C9 G
Keeper of the kingdom, keeper of the keys
C9 G C9 G
Keeper of your heart, and all the mysteries
C9 G C G
Keeper of your soul, keeper of your dreams
C9 G Dsus D
Keep me forever

C9 G C9 G
Every form of freedom has left me feeling bound
C9 G C9 G
Every space I lived in too small to turn around
C9 G C G
There's nowhere to fall now I'm bolted to the ground
C9 G Dsus D
Only love can save me

CHORUS

C9 G C9 G
When everything's been broken there's nothing more to break
C9 G C9 G
Everything's been shaken and there's nothing left to shake
C9 G C G
There's everything in knowing there's nothing in the way
C9 Dsus D
You will never leave me

CHORUS

Note: This is an extremely simplified version. I play this song at the 7th fret and use a walking bass line with more complex chords. I tune the 6th string down to D as well.
